FAQs

I still don't fully get it. What exactly is this?

Our custom marketplace product gives you a loyalty solution to provide to your existing customers and/or employees. Not only do we provide you the cloud-based software, but we additionally supply you with a portfolio of over 300+ leading wellness brands to choose from. These are exclusively negotiated brand deals which you simply cannot find anywhere else on the internet.

Got it. But what makes this so special?

Our product is unique for two main reason: 1) No one has our deals, 2) No one will build you a fully customizable marketplace to offer to your customers and/or employees. Also, our perks are guaranteed to work, and never expire.

I already have existing partnership deals. Can they integrate on your platform?

Yes, we can easily add your existing deals to your new marketplace.

I already have an existing marketplace. Would I need to replace it? I just want access to your perks.

That's totally fine. Absolutely not, you do not need to replace it! If you prefer, we can feed our perks into your current system.

Once you deliver the marketplace to me, can I upsell it to my audience? Or do I need to offer it for free?

It's your marketplace to do with as you wish! If you want to generate additional revenue by re-selling it to your audience, we are fully supportive. We can also provide pricing suggestions.
